NEWSLETTER OF THE ROCKY MOUNTAIN TRIUMPH CLUB

The Emails Went Out From the Collector Car Council of Colorado and the RMTC...

"My family and I are trying to get as many cars possible for this Sunday to do a drive-by parade for my father." My father has been a part of car shows and cruises his entire life. He is currently in home hospice and we are unsure how long he has left. The details are below if you know anyone who may want to join this short but very meaningful cruise. "Hey, we are planning a drive by parade...classic cars, muscle cars and motorcycles for my dad this weekend (Sunday). If you are able to join this we are welcoming any and all cars and motorcycles. We are meeting at 1:00pm at the Dairy Queen in Littleton". It was a sunny warm January day, five RMTC cars joined about 75 other vehicles for the drive-by. RMTC Attendees: Richard Martin, Mike & Barb McGuire, Ralph Malewska, Jeff Heller, Andrew & Kitty Janiesch.

Anyone can notify their bunch for an impromptu drive, do it!

Board Meetings are held on the 1st Monday evening of each month at 7pm; all members welcome

The February meeting will be online via Zoom Feb 1st at 7pm.

Musings from the Gavel, by the PM

Greetings RMTC members, February 2021! But perhaps some misgivings... how many of us and the public in general hoped that 2021 would blossom without Covid? Well, we all knew that was impossible but hope springs eternal! As winter leads into spring, more and more of the population will have had the opportunity to acquire the vaccine, be it Moderna or Pfizer. I will receive my second injection on Monday, 25 January. Fingers crossed, no side effects just like the first Moderna injection.

Let's all make an attempt to shower David Durstine (davidtr3tr4-RMTC@yahoo.com) with our Triumph photos on 10 February, "Drive your Triumph Day"! (Details on p.3) Whether you are hopefully out and about, parked in the garage, or on jack stands, this is a day to celebrate our motor cars! Hopefully the weather will be more like 2019 as opposed to last year's snowy day! Andrew Janiesch, our events coordinator, will have a drive planned. (p.3) Granted it will be midweek, but if you are not working, please participate.

Speaking of participating, our webmaster reported on 20 January that of the 122 club members, 85 responded while only 40 completed the recent survey. That is roughly a 30% participation rate. We can do far better than that, and if you did not complete the survey, please do. Our club will only be as strong as its participating members. The RMTC is for all 122 members, not just the Board and those that completed the survey. I recall my time having a Porsche and being a member of the local Porsche Club. The meetings were always packed, drivers' ed events very well attended as well as the club drives. We are members of RMTC because we have an affection for our cars. Let's show that affection by completing surveys, perhaps writing an article for the Herald, volunteering to give a club meeting presentation once we are face to face, etc. Something as mundane as "how I fixed the leaky top on my TR_ (heck, they all leak, right?) would be a welcome addition for your newsletter.

– Cheers! Richard

Most members are from the Denver area and adjoining states. We promote "family" memberships, welcoming spouses and children to all club activities.

RMTC EVENTS CALENDAR

By Andrew Janiesch

FEBRUARY

10TH – Drive Your Triumph Day

If we have dry weather & roads, please meet at 12:30 at the I70 & Ward Road park-n-ride. We will drive to a nearby scenic spot to take a group photo to submit to VTR's national magazine. Please email, text or call Andrew Janiesch if you plan on participating. In previous years, some of our members' Triumphs have been featured on the cover & in the magazine. If it's a snowy day the short drive will be canceled. Take a photo of it in your garage with the door up and submit it to driveyourtriumphday@gmail.com, along with your name, year and model of car, and location photo was taken (city, state, country). The photos will then be published not only in our club newsletter, but also in USA's national magazine: Vintage Triumph Registry, and on the Drive Your Triumph Day website: <https://driveyourtriumphday.shutterfly.com>. This is actually an international event, there will be hundreds of photos of Triumphs from around the world. The organizer, Rye Livingston, does a great job of organizing the photos on the website, resulting in a great display of the world of Triumphs. So send a photo of your Triumph wherever it may be and in whatever condition, so it can join with all of its family in photos.

The following is a list of activities we hope to have in 2021. We plan on adding more events to this list including drives. If you are interested in planning a club drive or activity please contact Andrew so that he can get your event added to the club calendar. Due to COVID restrictions current group gatherings are limited. Please check email blasts for & the March newsletter for an updated schedule of events.

Hello everyone,

Hope you are all doing well. I wanted to send this RSVP form for February's meeting to keep track of attendance, it is accessible through the link below. This meeting will be a hybrid event with the option to participate either virtually or in person at the Forney. For those who check the virtual option on the form, I will send the zoom link to you.

I am really excited to show everyone some examples of the types of early bicycles mentioned in the book, Boston's Cycling Craze!

1/4/21 RMTC BOARD MEETING MINUTES

Attendees: Richard Martin, David Durstine, Bill Gillespie, Andrew Janiesch, Kitty Janiesch, Jeff Heller and guest Mike McGuire
Absent: Bob Mott, Eric Malewska

Richard opened the Zoom meeting at 7:04 p.m. The following items were discussed:

General discussion on COVID restrictions and vaccines

- **ZOOM** – Kitty Janiesch & David Durstine shared some pro's & cons along with the cost for the club to upgrade from using the free version of Zoom to the paid Pro version, which has some time and user limitations. The cost is \$14.99 per month per license.
- **MEMBERSHIP** – Kitty asked the previous board members to clarify how long the waived fees for membership lasted. She also asked the board their input for 2021 Membership fees. Even with reduced activities, there are still standing expenses such as the mailbox, website, insurance, and LLC fees. We hope to resume in-person activities as gathering restrictions are reduced, and vaccinations become common. After a brief discussion, Jeff Heller moved to resume charging Membership fees beginning Jan 1, 2021. Bill Gillespie 2nd the motion. Motion passed unanimously.
- **WEBSITE** – Board discussed of Andrej's annual analytics report of our website traffic. Suggestion to publish some of the details in a future newsletter was mentioned. Along with noting the most visited page is our classifieds page. There were a few questions regarding the Website's FORUM. Jeff Heller will follow up with Andrej to send a Survey to RMTC members to measure members' interest in participating in Zoom general meeting as well as members' access to Zoom.
- **EVENTS** – Andrew shared that he spoke to Nancy Vogel regarding the club's annual Chili Cookoff, which was not scheduled due to COVID restrictions against large group gatherings. Nancy said she & Brooks will consider hosting this event in the fall.

Meeting Adjourned 7:45 p.m.

Respectfully submitted,

Kitty Janiesch, Minister of Membership

Please note that the regular dues payment cycle will start again, effective January 2021. Please contact any board member for the Zoom login information. Depending upon how long COVID19 precautions are in place, and until we can find a new meeting place, we may also try a general meeting over Zoom video at some point. Please forward any comments you may have to any board member.

There will be no General Meeting until further notice.

Piccolo's has downsized out of their meeting room space. We are looking for a different meeting place.

Please help us with ideas!

FOR SALE; 1970 Spitfire

I'm in a bind and need help. My 1970 Spitfire was in the process of being restored by my brother-in-law when he passed away unexpectedly. My main challenge has been that it's out of state. I hope to find someone that can gather and take all of the pieces, including extras, for a reasonable price. I've put a lot of money into it – way more than it's worth, I know. I need to get it off of my sister's property as soon as possible; otherwise, all will be completely lost.

Serious inquiries only, please, call or text 214-563-4227, or email vcbennett1@gmail.com.

Asking \$5000

More About the Activities of Your RMTC Board

We all are really missing the social gatherings side of our club, however, that doesn't mean that the RMTC board is coasting. Board members have plenty to do, and as always, members are invited to board meetings to see for yourself. A few examples of our activities;

Your treasurer Jeff Heller produces a number of very professional and informative monthly reports and spreadsheets that track RMTC finances and budgeting aids. This data is available for inspection by any member. We no longer put a summary in the newsletter, to avoid spammer attempts to submit bogus claims or related nuisances. Jeff also invoices our advertisers, and has untangled some LLC tax matters. If you are doing business with an outfit you like, please ask if they would like to place a \$50 add in the Herald. (For the whole year!)..show them a copy.

Our previous and current Events Coordinators, Sharon Robinson and Andrew Janiesch, have been really frustrated attempting to plan events in this time of social distancing and COVID19-related precautions and restrictions...hard to have events when basically none are allowed. As vaccinations become more common, we will resume activities as soon as possible. Please contact Andrew if there is some activity that you could host, such as a belated spring tune-up etc. Meanwhile, informal drives and drive-bys come up from time to time, watch your email for a chance to get outside with your car.

Kitty Janiesch has on-going membership renewals to track and sending reminder letters. She is also a spreadsheet ace, and produces reports such as the marques and city count you see in this issue. Kitty has been the lead to facilitate member online activities such as our Zoom account. That has made it much easier for board meetings, and for a general meeting if there is interest in that, before we can all gather again.

Andrej Galins continues to support our other online presence, keeping the RMTC website up to date, and sending out more than the usual short notice information emails during this COVID19 time. Hopefully you saw and responded to the recent survey regarding our online activities, results of the website analytics are reported by Andrej in this issue of the Herald.

Andrej also publishes the online version of the *Herald*, and Tom Willson does the manual labor of getting the print version printed, assembled, stamped and mailed every month, while working full time on the road. We are fortunate that Tom continued to do this work when no else stepped up. The *Herald* is the voice of the RMTC, it is one of our most visible presences to the world, so these members are a critical part in providing that visibility of the RMTC. Hopefully our membership is appreciative that there is a mostly steady stream of reports and articles provided by a small but vital group of members for your newsletter. Anyone can contribute newsletter material, you are encouraged to email photos of work on your car or material of technical interest, or other items our members would like to see. Casual efforts are fine.

And the members who herd this group of cats are Richard Martin and Eric Malewska. As noted above, your board members all keep busy, so when an extra hand is needed, or an ultimate decision must be made, our PM and VPM are there for us.

RMTC Vehicle Home Towns

Did you ever wonder how many Triumphs live in your neighborhood? And what is the geographic center of our membership? How to plot this data onto a map is beyond the talents of your editor, but somebody somewhere knows how to do it. Many thanks to our spreadsheet ace Kitty Janiesch, for building this report from the membership list.

RMTC Car Counts

If you haven't already guessed, the previous and following pages are the statistics edition of the *Herald*. Now you can see how many of your type Triumph are in the club, without having to scan the membership roster looking for your car. We no longer have an 1800, or a Stag, or a Standard 10, but all the more common varieties are well-represented. Once more, many thanks to Kitty Janiesch for slicing and dicing this data from our membership roster.

Continuing with the statistics theme, the board wanted to get a sense of what the comfort factor is with the membership for using Zoom types of meetings. It is unknown when normal activities and gatherings can resume, but it could be well into the summer. Meanwhile, the board did not want to proceed with online tools for meetings and communications if it would exclude our members. Our webmaster Andrej Galins, setup an email survey for our questions. Also, we would like more activity on the RMTC website while in-person gatherings are restricted. About half of our membership completed the survey, your responses are shown below. Actually, if most of our membership are couples, and one of the household couple completed the survey, the response was better than half, thank you! This data is a bit of an eye chart, if you have the PDF version, Ctrl + plus key will zoom it in, depending on your app.

Edited (for space) minutes of the January 6 CCCC Meeting

Due to Corona-19 virus lockdown, this was a “hybrid” meeting, partially in-house at the Forney Transportation Museum in Denver and partly via Zoom. Approximately 45 clubs were represented, 30 at the Forney and 15 via internet. This constituted a quorum. All in-house attendees had forehead temperatures taken; masks were worn, and social distancing was followed.

Legislative: Leo Boyle reported that the Colorado Legislature will convene on January 13th for swearing in, but will then adjourn and reconvene on February 16th, depending up the Covid-19 situation. He is not aware of any proposed legislation that would affect the car collecting hobby.

2021 Budgets: Tom Kay presented the proposed budgets for the Operating, Legislative, Car Show and Swap Meet, and Cruise Accounts. Recognizing the financial difficulties due to lack of certain fund-raising in 2020 and 2021, Leo Boyle has offered to be “furloughed” for the time being. He intends to still monitor bills at the Legislature and will advise CCCC of those that could affect us but he will not actively be involved with attending hearings. His furlough will reduce the cost to the CCCC, and we have thanked him for his generous offer at this time.

Forney Museum: Several representatives expressed concern about the financial stability of the Forney, since the museum has suffered from the lockdowns. So far as we know, the Forney will continue, and in fact the Pontiac and Model T Clubs will have displays this year.

Airport Show and Swap Meet: The event is tentatively set for August 14. The 2021 Havana Cruise will not take place. Dues for 2021 will remain the same and the Assessment for legislative activity will be reduced from \$4 per club member to \$1 per member.

Next Meeting: There may be a meeting in February, probably via Zoom. This one and later meets will probably be a combination of Zoom and in-house.

Mecum Auction: Mecum has set the dates for their Denver auction to be April 13-14.
