NEWSLETTER OF THE ROCKY MOUNTAIN TRIUMPH CLUB

International Drive Your Triumph Day, February 10, reported by Kitty Janiesch

RMTC members from Kentucky to all around Colorado participated in the international Drive Your Triumph Day. Events Coordinator Andrew Janiesch led the following brave members on a short drive to Red Rocks Amphitheater in Morrison Colorado:

1971 TR6 Andrew & Kitty Janiesch	1959 TR3 Barb & Mike McGuire
1969 MK Spitfire Sharon Robinson	1980 TR7 Spider Terry & Marietta Hughes
1971 TR6 Ralph Malewska	

The morning started off at 13 degrees, fog & snow. The sun peeked out by 11 a.m. and the drive was a go! The weather warmed up to 25 degrees then finally hit a balmy 35 degrees by the end of drive. That did not detour Andrew & Kitty Janiesch from driving their TR6 top down! The organizer Rye Livingston received over 500 photos world wide. (Related info on page 11) Kitty & Andrew submitted photos of each car and driver in a group setting along with individual pictures with the gorgeous Red Rocks Background. Thanks to everyone who participated and especially to those who braved the elements to join this drive.

Group photos by Kitty Janiesch and Sharon Robinson. Les Stern shows his TR3 and the '61 Bristol Lodekka bus. Lower photos from David Durstine, Paul Dico, and Mark Bosler, checking in from KY, and Sharon prancing to stay warm.

Musings from the Gavel, by the PM

Greetings RMTC members! It is March, spring is but three weeks away but we all know that historically, March and April have had the heaviest snows. That makes it a good time to ready our Triumphs for the driving season. Rumor has it that Andrew Janiesch, the Club's events co-ordinator has been busy planning driving events for the coming season. Having been restrained for virtually a year with the pandemic I'm sure everyone is looking forward to some fun drives!

Speaking of drives, thank all of you who were able to participate in the "Drive Your Triumph Day" celebration. It's one thing to have the work day interfere with things but worse yet when my 2000 Mk 2 decided to spew fuel from the front carburetor and discover that the slave cylinder is failing sealed my fate.. What a way to celebrate the day! These issues will be remedied forthwith.

It is quite difficult to imagine how soon we will be able to return to our monthly club meetings. As more individuals receive the Covid vaccination, life should return to some sense of normalcy. Once we have a sense of safety and well being for the membership we will press ahead. In the mean time, consider giving a presentation or at least suggest topics you would find interesting. A presentation does not strictly have to be related to Triumphs. Anything automotive is a good start!

Have a good month, stay safe!

Richard Martin

Our condolences to the family of Scott Augustine, who passed away in late January. Laura Augustine is continuing the RMTC membership, and driving their spiffy white TR3. She may be reached at colocruizer@yahoo.com

Greetings Speed Readers!

I know a few of you reached out to inquire where to purchase The Red Car, and Shawn was kind to provide a link (<https://the-roadster-factory.com/indexmain.php>) where you can purchase directly at a much cheaper price. Please see the forwarded email below for the details.

Our next book club meetings are as follows (RSVPs will include a virtual option):

Tuesday, March 2nd, at 6pm (MST): Book:

Driving While Black: African American Travel and the Road to Civil Rights, by Gretchen Sorin.

RSVP here: <https://forms.gle/vDjAU2JWPUSPXgSo8>

Tuesday, March 30th, at 6pm (MST): Book:

The Red Car, by Don Stanford.

RSVP here: <https://forms.gle/1bi8KLwgPUeHpYnw7>

Please let me know if you have any questions. Look forward to seeing you! Please note that Book Club meetings are open to anyone, you don't need to be a member or to even have read the book to join in our conversations. (More information on page 11)

Kind Regards, Nicole Bleau

2/1/21 RMTC BOARD MEETING MINUTES

Attendees: Richard Martin, David Durstine, Bill Gillespie, Andrew Janiesch, Kitty Janiesch, Jeff Heller, Bob Mott

Richard opened the Zoom meeting at 7:03 p.m.

Topics:

1. Continuing payment for Colorado Sales Tax License and filing of tax report on quarterly basis
2. Continuing payment of annual membership in the Colorado Car Collector Club, cost for 2021 will be \$90 (reduced due to Covid-19) or \$210 (standard rate past 2 years)
3. Changes to be made to bring the club operating agreement up to date
4. Purchase Zoom access license for online meetings
5. Bank account access signature card
6. Improvements for club Facebook page

- LLC Operating agreementGordon and Debbie are still on it, update at next live meeting with signatures.
- Need to add PM Richard Martin to the bank account signature card, Jeff will coordinate that.
- Jeff has been filing a quarterly sales tax form, we have not been collection sales tax because we have had no sales since VTR 2011. Is it easier to stop filing the form and restarting if needed, or just drop it completely?
- CCCC dues have been paid, the rate is \$4/member +\$50 fee, it would be \$90 or \$160 in 2021, the board voted to continue our membership.
- We want to increase the RMTC online presence, and allow members to post to the RMTC Facebook page. Kitty Janiesch and Sharon Robinson have volunteered to assist Andrej by posting member submissions to the page. This will aid coordination with other clubs, sharing drives, etc. (More information on page 8 and 9)
- VTR Has sent another *desperate* request that the RMTC host the 2023 VTR. There have been several rounds of this discussion, and a members survey, previously among the Board and our RMTC members. In spite of the urging of several enthusiastic members, there has never been enough of a committed number for us to pull it off. So the decision was to decline hosting VTR. At some point, we may be able to partner with other British clubs in Colorado, to have enough resources to host a VTR. It was noted that the 2020 MG national meeting in CO Springs was canceled due to COVID19, as was the VTR.

Meeting Adjourned 8:00 p.m.

Reported by David Durstine for Bob Mott

Please note that the regular dues payment cycle started again, effective January 2021.

Please contact any board member for the Zoom login information to our meetings. You may click the board member's name below, which will open a link to their email. Or use the contact link on the RMTC website.

There will be no General Meeting until further notice.

Piccolo's has downsized out of their meeting room space. We are looking for a different meeting place.

Please help us with ideas!

FOR SALE; 1970 Spitfire

I'm in a bind and need help. My 1970 Spitfire was in the process of being restored by my brother-in-law when he passed away unexpectedly. My main challenge has been that it's out of state. I hope to find someone that can gather and take all of the pieces, including extras, for a reasonable price. I've put a lot of money into it – way more than it's worth, I know. I need to get it off of my sister's property as soon as possible; otherwise, all will be completely lost.

Serious inquiries only, please, call or text 214-563-4227, or email vc Bennett1@gmail.com.

Asking \$5000

Member Profile of Rod Tomkins, by Kitty Janiesch

Many of you may or may not know that long time RMTC member Rod Tomkins organized the annual club drive for Drive Your Triumph Day, which honors Sir John Black's birthday. Sir John was born in 1895 and is considered the father of Triumphs. Rod always plotted out a drive to a scenic spot to create a perfect backdrop for this annual event. One year Rod enlisted his friend, a professional photographer, to take pictures of our Triumphs over I-70, with the Continental Divide as our background. That year those photos were published in the Vintage Triumph Registry's magazine. We thought this month it would be fun to learn a little more about Rod and his love of Triumphs.

To date Rod has owned 7 British cars, 4 of which were Triumphs. The list includes a 1935 Morris, a 1950's Ford UK Consul (Ford manufactured this car in Britain as well as Germany) a 1966 TR4A, two 1971 TR6's and a 1981 TR8. Currently Rod still owns his 1971 TR6.

Rod shared that one of his most cherished memories is driving with the top down over Loveland Pass to ski at A-Basin. He had his ski's strapped to the boot and his lovely daughter Erica riding shotgun. Rod said they will never forget the amounts of head turns they received that day.

Rod has served on the board as Vice Prime Minister along with organizing many, many drives and events over the years for RMTC. Rod and his beautiful wife Judy joined the club years ago and enjoys the support and club events. Most of all Rod values all the friends he has made and loves the camaraderie.

RMTC Online Presence - Facebook

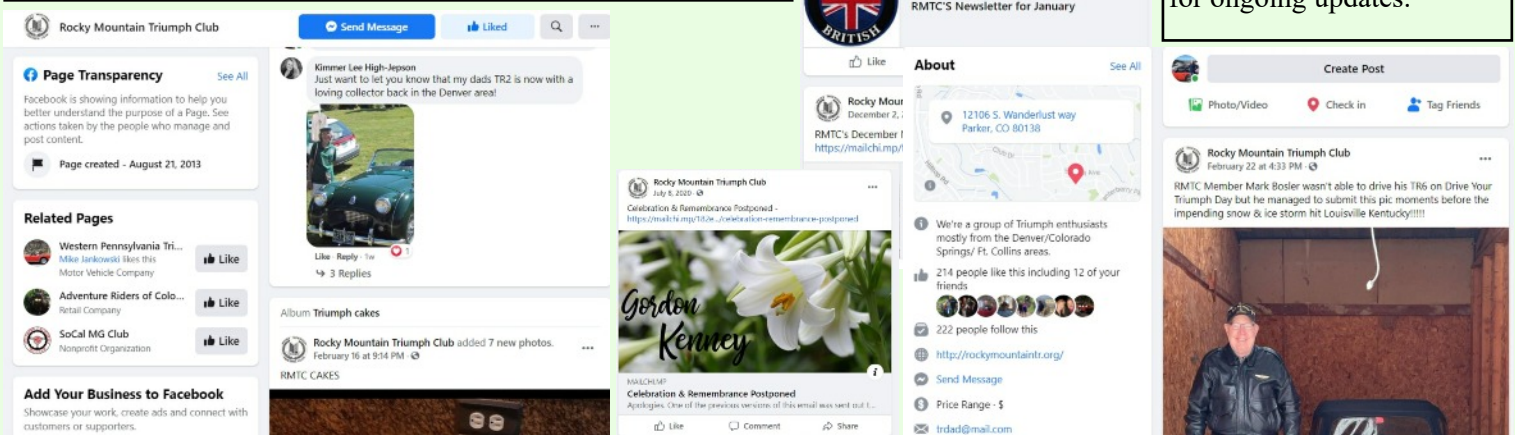

The RMTC Board has noted that socializing and information transfer has increasingly been an online environment during the COVID19 era. And that trends are such that newsletters and websites are not always the first choice for staying current by some of our membership. So here is an update on the RMTC online presence, first page.

Did you know that there is an RMTC Facebook page? It was setup and is maintained by our webmaster Andrej Galins years ago. Facebook tends to be one of those things that you are active in with grand kids and friends and various groups, or you have got along just fine without it all this time. Facebook is old news for those who have a busy online presence, who use it and a number of other social medias, but we can't be everywhere. Either way, we want to make it as easy as possible for the membership to know about club activity and items of interest. The screen shots below give you an idea of what the RMTC Facebook page is about.

The RMTC Facebook page is private in the sense that not everyone can post anything, the same as other moderated pages. Moderation ensures that only relevant RMTC posts are allowed, and avoids clutter by spambots and scammers. Kitty Janiesch and Sharon Robinson are volunteer editors for the RMTC page, and can post your photos, notices, and information of interest to our membership. Please send your items for posting to katt0906@gmail.com or thepickledbrit@gmail.com. This plan is a work in progress, so please advise a board member if you have suggestions. Below, from a Facebook page, search on "RMTC".

Below are examples of FB communications such as an update on the High's TR2, Gordon's remembrance, etc

There is a link to the Herald, and news from distant members, just click "like" for ongoing updates.

RMTC Online Presence - Webpage

It looks like plenty of our members already know about the RMTC website, judging by the analytics counts listed in the February Herald. Webmaster Andrej Galins (trdad@mail.com) supports this award winning webpage and the 10 subsections within the site. The home page of <http://www.rockymountaintr.org/> says it best, "WELCOME TO THE RMTC We're a group of Triumph enthusiasts mostly from the Denver/Colorado Springs/Ft. Collins areas. Through our newsletters, technical sessions and club meetings we provide information to help keep your car running (or get it back on the road) and most importantly, to have fun doing it. Below are some screen shots from the RMTC website.

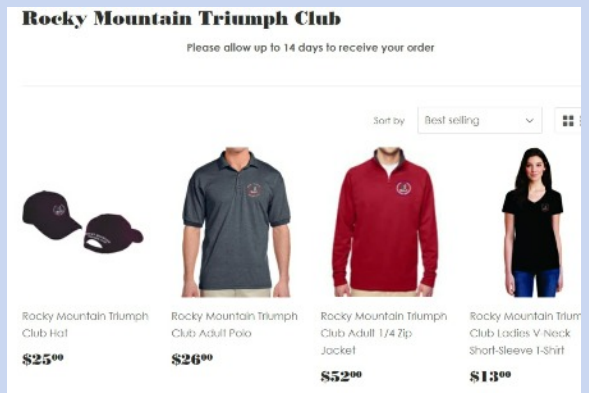

Many years of the *Herald* are available at the newsletters page. The PDF version is in full color.

Above, the members car gallery never has too many updates, so please send a photo of your car or project. Left, the technical page can also be updated with your project learning curve information. The classified section, which includes the *Herald*, is the most popular page on the site, it is where all ads are submitted. The contact page is there for any communications you may have to the Board members.

Triumph's at the Forney Museum

As noted on the Events page, A couple of green Triumphs will be in the Pop Up exhibits section of the museum. In February, the theme was red or pink for your Valentine. The DeBartolomeis TR3A was included in that exhibit. Our 2020 Events coordinator Sharon Robinson is a volunteer at the Forney, she has been very helpful with getting some visibility for our cars there. Sharon is full of information about the exhibits, she is glad to answer questions about that special vehicle you may want to see during your visit.

Forney Museum Bookclub, by Shawn Bowman

Want to curl up with a great book? For the last several months Ax and Allies has been co-hosting a book club with the Forney Museum reading any and everything transportation related in our "Speed Reading" group. For the month of March we will be reading Don Sanford's The Red Car this very sweet story of a boy and his MG was written in 1954 and has been re-released by the Roadster Factory and can be purchased here <https://www.the-roadster-factory.com/indexmain.php> The book club is open to anyone who would like to attend for free and you don't need to have read the book to join us for the conversation. We are meeting both in person or virtually if you would like on March 30th at 6pm. please RSVP to Nicole at collections@forneymuseum.org The Forney has lots of safe space seating for social distancing and we'll be following all safety protocols, there is also a Zoom link for friends who would like to join remotely. Our guest speakers for the evening will be Ron Shaw and Alan Magnuson who have some wonderful behind the scene stories to share with us about the book and early days of MG racing in Colorado.

British Sports Car Class, by Shawn Bowman

If you're signed up for Moss Motors emails you may have seen our History of the British Sports Car class mentioned today. Shawn is co-teaching the virtual course with William Taylor who many of you know from Auto Archives and his participation in the Lotus Club and many many other Colorado car events. This is a four-part series being taught online through DU we'll be taking a deep dive into the history behind the vehicles we love (and curse) the folks who built the companies, the drivers, tracks and how this story has played out on this side of the pond with the founding of our local clubs which are such a huge part of many of our lives. There is still time to register if you are interested... https://www.du.edu/registrar/elevate-courses/course.html?instanceCode=ENRICH-0467_CARS&courseInstanceID=ENRICH-0467_132015587&courseCode=ENRICH-0467

ENRICH-0467 – Hist: British Sports Cars

Can you imagine it? Maneuvering the 3.7-mile straightaway and white-knuckle, hairpin turns in a roaring supercharged Bentley at the Le Mans 24-hour race—silk scarf whipping in the wind? Or maybe doing your best James Bond, suave and sophisticated in a stylish, silver Aston Martin? If so, your heart is likely beating a little faster right now, and you likely appreciate that British sports cars paved the way for many iconic manufacturers to dominate the world of automotive design—from the showroom to the race track and all roads in between. British sports cars have elicited unparalleled passion around the globe with their fascinating history, their exacting engineering and their famed drivers. There's so much to admire, so much to know—especially about the connection they have right here in Colorado. Join auto enthusiasts William Taylor and Shawn Bowman as they take you on a spin through a four-week, adrenaline-charged tour of British cars. Take a dive into some of the most influential companies in the industry to grasp not only their full contribution, but also what made their vehicles so unique. Enjoy photo-rich exhibitions, stirring videos, revealing interviews and instructive tours, as well as some car 'auto-biographies' from host locations, including the [Forney Museum of Transportation](#). Buckle up because we guarantee it's pedal to the metal the whole trip! 10% discount to Forney members.

Drive Your Triumph Day was February 10th

From: Rye Livingston <driveyourtriumphday@gmail.com>
Date: Tue, Feb 16, 2021, 2:41 PM
Subject: Drive Your Triumph Day 2021
To:

It is really fun seeing photos of all flavors and ages and conditions of Triumphs from all over the world. Rye does a great job of getting them on the website and including photo information.

Thank you everyone!

Thank you for participating in Drive Your Triumph Day, February 10th, 2021.

Thank you to those who organized a drive for your club.

Thank you to those who got their Triumph out for a fun drive.

Thank you for having fun with this and taking your car out into the snow for a quick photo, or open the garage door for a photo with snow outside, or your car in restoration.

When you view the 512 photos submitted, consider all these Triumph and Standard owners were involved with their cars and taking a photo, all over the world, all during those 24 hours on February 10th for Sir John Blacks birthday. It's pretty amazing.

With this crazy pandemic resulting in lockdowns and socially distanced gatherings, and Feb 10 falling on a Wednesday, I wondered if participation would suffer. Evidently not. Close to 200 more Triumph & Standard owners participated than last year. Even that figure is a bit misleading when I hear that the Triumph Car Club of Victoria in Australia had 65 cars and 106 people attend a drive and lunch in Mornington.

Be sure and save the date on your calendar for next year. Thursday, February 10th, 2022.

triumph (n.)

late 14c., "success in battle, conquest," also "spiritual victory" and "a procession celebrating victory in war," from Old French *triumphe* (12c., Modern French *trionphe*), from Latin *triumphus* "an achievement, a success; celebratory procession for a victorious general or admiral," from Old Latin *triumpus*, probably via Etruscan from Greek *thriambos* "hymn to Dionysus," a loan-word from a pre-Hellenic language.

...Jeff Heller notes that if you find yourself in ancient France or the Roman Empire or early Greece, they speak Triumph.
